Highlights@Sandhar	24

My Dear Friends,

Cleanliness is Godliness! The Prime Minister Mr. Modi launched the “Swachhata Hi Seva” mission in the run up to the 4th Anniversary of Swachh Bharat Mission. I am very happy to note that our units enthusiastically participated in this mission and voluntarily undertook not only cleaning their units but also public areas around their units. Sandhar has a holistic view on Swachhta and as such lays great emphasis on 5S, tree plantation, use of clean energy, maintaining safe and well ventilated work places.

The last quarter has shown positive growth with the company growing by 9% over the first quarter of fiscal 18-19. Our Joint Venture company Jinyoung Sandhar Mechatronics undertook the ground breaking ceremony at its new plant in Oragadam, which is likely to be completed by February 2019. The construction work at Sandhar Amkin is complete and the assembly lines have started trial runs for the two wheeler safety Helmets which will be launched soon after the completion of ISI audit.

Employees are an integral part of Sandhar and skill development is high on the agenda. Trainings pertaining to safety, skill enhancements are a regular feature. We have taken another step in this direction by signing an MOU with ASDC and inaugurated the Sandhar Skill Development Center at Sector 18 plant Gurugram. The center will aim at imparting those skill sets which are critical to the Automotive Industry. The first batch is already under training. I take this opportunity to wish success to SSDC.

I would also like to congratulate all the team members and their mentors who have participated in various quality circles, Kaizens and 5S competitions organized by various professional bodies and won laurels for Sandhar.

The festive season is here. I Wish you all a very Happy Festive Seasons. Celebrate responsibly, stay Healthy and do well in life.

Warm Regards,
Jayant Davar

Sandhar Automotives, Pune

Sandhar Automotives, Pune currently situated at Plot No. E-10, Phase-3, Chakan Industrial Area, Tal-Khed, Chakan, Pune began its journey in the year 2009, with commencement of supplies of door handles to General Motors, Pune
